## ALL SORTS.

The season at Lake Tahoe has nearly closed.

Mrs. Richard Mills departed for San Francisco last night.

There is talk of building a road from Reno to Lake Tahoe.

Abe Cohn went below last night to lay in a Fall and Winter stock.

Joe Platt departed for the Bay last night to get Fall and Winter goods.

The Reno Ramblers will be the guests of the Carson Wheelmen today.

Miss Flo Pinnizer, of Reno, is spending a few weeks in Carson, the guest of Miss Helen Martin.

A big crowd of picnickers enjoyed themselves at the Miners' Union picnic at Treadway's Park yesterday.

Dan O'Keefe of Reno, says he will back Mc Cormack against Jim Fell for \$500 or \$1000, to fight in any place outside of Virginia City, with any kind of gloves. Money ready at any time.

A school boy recently scalded his leg badly from knee to toe. As there were no signs of healing the attending surgeon chloroformed a greyhound pup to death, shaved its body, skinned it and grafted the skin on the boy's leg. The healing was rapid and the color of the grafted skin was uniform and very similar to that of the normal skin.

The August issue of Hawks & Shattuck's "Occasional Typograph" is a gem, both in matter and typography. Its front is adorned with a striking likeness of John F. Uhlhorn, foreign advertising agent for the Northern and Central Press Association, with a brief history of his life, while the last page contains the picture of a laughing sprite, printed in bronze green, furnished by E. J. Shattuck & Co. Between the first and last pages are numerous specimens of job office essentials, in the way of novel borders type, etc.

## Revolution in Fire Engines.

A man in San Francisco in a private letter to a Carson friend, states that he has been working on what he calls a "sand engine," for the extinguishing of fires, and has about completed it. He expects that the engine will throw a solid stream of sand three inches in diameter, a distance of two hundred feet, which he says will extinguish a good-sized fire in five minutes.

He claims for it, also, that the great loss to perishable goods by the use of water at fires would be obviated, and that in San Francisco, where sand is so plentiful, the cost to the city for the maintenance of a fire department would be greatly lessened.

## Keep up the Record.

Last year twenty-one careful house-wives in the United States put the rough on rats alongside the baking powder in the pantry and made the mistake of mixing it with their biscuit. Thirty-four others left kettles of hot water just where it was most convenient for their toddling babies to fall into them. The record thus far this year is a little ahead of last.

## Military Parade.

From Secretary Stoddard it is learned that the military display at the coming State Fair will far surpass anything of the kind ever seen in Reno. Besides the battalion drill, the artillery company, who recently received new uniforms, will also give an exhibition drill.

## THE SHOOT.

The Carson Team Wins and the Record is Broken.

As the Battery team of Virginia only brought down ten men, the rifle match at the fair yesterday was made a ten-man match instead of fifteen. As will be seen by the following score, the Carson Guard won by 12 points, breaking the record:

## A Comstock Belle's Divorce.

Mrs. Florence Dexter, nee Squires, has sued for a divorce from Fred B. Dexter on the ground of extreme cruelty. She says he has been in the habit of beating and kicking her whenever he happened to be in ill humor, and that the only variety which he introduced was when he once in a while dragged her around the house by the hair of her head.

Mr. and Mrs. Dexter were married in Virginia City, Nevada, several years ago, the wedding being a very brilliant affair. The bride was for years considered one of the belles of the Comstock. Dexter is a nephew of E. J. Baldwin, and at the time of the marriage was acting as Secretary of several of the Gold Hill mines. —Examiner.

## No \$12 Cattle in Elko.

The Independent says: There is no truth whatever in the assertion published in the Reno Gazette last week, that Judge Bigelow had ordered his cattle for sale at \$12 a head. Cattle in Elko county are worth more than that, and the Judge is not so eager to get out of the business as to sell his stock for less than the market price. There are no cattle in this county for sale at \$12 a head.

Not long ago the Reno Gazette denounced the APPEAL for publishing the interview with Tom Riekey, on the ground that it was an injury to the cattle interests of the State. Suppressing the truth can do no good.

It is a fact that the cattle losses in this State were over 90 per cent, and if the Gazette does not now know it it will realize the fact when the Assessors' reports come in.

It is decidedly of more injury to the cattle interests to misquote the price of cattle, for it may result in parties being swindled by unscrupulous buyers. The people who want cattle are buying up everything in sight, and trying to keep the fact from owners that cattle are advancing. Any man who sells cattle now at less than \$22 a head is not acting wisely.

## The Local Paper.

The local paper, says an exchange, tells you when to go to church, when to go to the theatre, to court, and nearly everywhere else you have to go. It tells you who is dead, married, sick, hurt, and many other things you like to hear. It calls your attention to all public enterprises, advocates good schools, law and order in your county. It rejoices with you in your prosperity and sympathizes with you in your distress. It records the marriage of your daughter, the death of your son and the illness of your wife free of charge. It booms business whether you patronize it or not. It sets forth the advantages and attractions of the town and invites immigration, and is always the first to welcome new comers. And this is not half of what it does for its home people, and yet we sometimes hear a man say his home paper is not half so good as some city paper.

## Humboldt's Cattle Loss.

The returns of the Assessor of Humboldt county show a falling off of \$420,921 in the valuation of personal property last year. As ordinarily there is an increase instead of a decrease in the assessed value of personal property, and as such property is never appraised at its full value, the decrease this year indicates a loss of nearly a million dollars' worth of live stock and farm produce in the last year, an average of about \$275 for each man, woman and child in the county. Very few communities of less than 4000 inhabitants in the world could stand such a loss as well as the people of Humboldt. The unprecedented drouth, followed by the deepest snow ever known in the country, gave the stock interests the first serious set-back which they experienced in the county. —Silver State.

WHAT ON EARTH—Is the reason people will not, cannot, or do not see any difference in cheap nostrums put out by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. —W.
